inform *inspire* in touch with the world!

October 30, 2015

To Whom It May Concern,

On behalf of the Omaha Town Hall Board I would like to recommend Dean Jacobs as a potential speaker. He is a wonderful presenter, and our members found him to be enlightening and inspiring.

Our membership had the opportunity to hear Dean's lecture, *7 Wonders 7 Lessons*. His message informed the audience about people and cultures in the world, while also focusing on seven wonders of humanity.

Dean's personality and his excellent multimedia program was the key to his success. Dean has a very engaging personality that made everyone in the audience feel like he was speaking to them personally. After the lecture he took the time to speak with many in the audience on an individual basis. His multimedia presentation included many of his professional photographs that were captivating and helped to share the story of his journeys.

The success of his lecture was measured by the smile on everyone's face as they left the lecture hall, and the long line of people waiting to purchase his books. For our group it was a win-win. He was so well received, and we accomplished our mission to inform, inspire and be in touch with the world. You will not be disappointed if you select Dean as your keynote speaker.

Sincerely,

Debbie Hedgecock  
President Omaha Town Hall Lecture Series

Comments from our membership and board members after the lecture:

I thought he was an outstanding speaker.

Everyone enjoyed his presentation and walked out with a smile.

Dean Jacobs was the perfect man for the times.

Dean Jacobs seemed to be very well received. How many speakers say hello to so many members while walking the aisles?!

Many left with a good feeling about the world and the Omaha Town Hall Lecture Series.
